

7.1.2 Institution has a stated policy and procedure for implementation of waste management.

- E-Waste Management-

E-waste management on Institution campus is a critical aspect of environmental sustainability and responsible waste disposal. E-waste management is an integral part of Institutions campus's sustainability efforts. Responsible disposal and recycling of electronic devices contribute to a cleaner environment, reduce resource wastage, and educate the campus community about their role in environmental conservation.

The waste management team consist of-

This committee is formed for 2 Academic years

2017-2018 to 2018-2019

Sr.No.	Name of the Faculty	Designation
1.	Dr. B. S. Andhale	Principal
2.	Prof. R. A. Kadam	Asst. Professor
3.	Prof. V. B. Sonawane	Asst. Professor
4.	Shree. N. N. Batwal	Tech. Assistant
5.	Ghag Shubhangi Tukaram	Student
6.	Dumbre Apeksha Chandrakant	Student

#### ➤ Introduction:

Managing waste in an environmentally sound & socially satisfactory manner is sustainable waste management. In institute waste management practices are differentiated into three parts:

- Solid Waste Management
- Liquid Waste Management
- E- Waste Management

#### ➤ Objectives :

Waste Management is a joint responsibility of local government as well as of private organizations and individuals. Institute has designed an integrated Waste management system for optimizing and analysing waste. It is based on the concept that all aspects of waste management should be analysed together. The concept of waste as 'a material which has no use' has changed to 'resource at the wrong place'. The institute is conscious of its activities generating waste and ensures that all the waste is used & disposed responsibly.

- Teaching Aids donated after internship

The teaching aids were collected through a campus-wide donation drive, involving both students and faculty. A collaborative effort was made to deliver the materials to the school, ensuring they reached the intended recipients.
